**Mailing Address:** P.O.B. 662 Kfar-Saba 44106 Israel

**Phone:** 972-9-7671332, **Fax:** 972-9-7655607

**E-mail:** sales@silram.co.il

**MuShield Magnetic Shield Design Kit Content:  
High Permeability Foils**

**Materials included:**

- **MuShield High Permeability Foils**
  - Qty 2: .004" x 14.5" x 12"
  - Qty 2: .006" x 14.5" x 12"
  - Qty 2: .010" x 14.5" x 12"
- **MuShield Medium Permeability Foil**
  - Qty 2: .010" x 14.5" x 12"
- **MuShield Low Permeability (High Saturation) Sheet**
  - Qty 2: .007" x 14.5" x 12"
- **Laminated Adhesive - Double Sided**
  - 2 Sq. Ft.
- **Documentation**
  - **Mushield Catalog & Design Guide:** This document contains valuable technical information related to shielding applications, materials, and shield design. It also contains information about MuShield's products and services.
  - **MuShield Technical Features:** Specifically selected to assist engineers working with magnetic shielding foils, these technical features include such topics as Shield Geometry, Shield Design, and Material Specifications for High, Medium, and Low Permeability Alloys.
